

## Doctor of Medicine - Year 3 – ALL sites Pre-Placement Compliance Checklist

Placement compliance requirements are an industry pre-requisite for all students and health professionals prior to entering any health facility. Students will not be allocated a placement until all compliance criteria are completed and provided to the College of Medicine and Public Health.

Students are responsible to:

- Allow adequate time to complete all pre-placement requirements:
  - Criminal History screenings (DHS clearances, Ochre, Police Checks) may take 6-8 weeks.
  - Vaccinations may interfere with tuberculosis test results; therefore, it is strongly recommended to complete the SA Tuberculosis Service screening questionnaire *before* commencing any vaccinations.
- All documents must be valid for the entire duration of your placement. Clearances and certificates have expiry dates as noted below and must be renewed prior to placement allocation.
- Keep all ORIGINAL documents safe and secure in a placement folder which is taken to all placements.
- Upload all required documents via InPlace. Consult the [InPlace User Guide](#) for help.
- Ensure address details and emergency contact details are correct and updated on Student Systems, when required.
- Complete any additional venue specific compliance requirements, if requested.

Further information can be found on our [website](#).

**Please note-** Expiration of your clearances will occur in year 3 or 4 of the MD.

*This checklist is merely a guide to assist students. You must be aware of the expiration dates of your compliance documentation and ensure that you renew your documentation prior to the expiration date, or you are no longer compliant.*

*WIL staff will provide email communication of reminders – YOU MUST RESPOND TO THESE EMAILS*

Requirement	Detail	Completed (✓)	Expiry
