	Semester 2	PSYC3007 Research Methods 3	PSYC3xxx Psychology option topic	PSYC3xxx # Psychology option topic)

To qualify for the combined degrees of Bachelor of Behavioural Science (Psychology)/ Bachelor of Science (Animal Behaviour), a student must complete the following program of study with a grade of P or NGP or better in each topic:

- a Behavioural Science (Psychology) component of 58.5 units (purple, yellow)
- a Bachelor of Science (Animal Behaviour) component of 85.5 units (green and blue).

This is a suggested plan of enrolment, however the topics in the blue cells can be swapped between semesters 1 and 2 depending upon choice of Psychology and BSc electives.
